New Series, Vol. XLVII, No. 185 January 1978

Plasma Noradrenaline and Adrenaline Concentrations and Dopamine- β -hydroxylase Activity in Patients With Shock Due to Septicaemia, Trauma and Haemorrhage. By C. R. Benedict and D. G. Grahame-Smith	1
Sodium Losing Renal Disease: Two Cases and a Review of the Literature. By D. B. Morgan, S. R. Ball, T. H. Thomas and M. R. Lee	21
The Haematology of Hyperthyroidism. By S. Nightingale, P. J. Vitek and R. L. Himsworth	35
Analgesic Nephropathy: An Important Cause of Chronic Renal Failure. By J. R. Cove-Smith and M. S. Knapp	49
The Changing Mortality of Cerebrovascular Disease. By S. Haberman, Rudy Capildeo and F. Clifford Rose	71
Diabetes Mellitus and Coeliac Disease: A Clinical Study. By C. H. Walsh, B. T. Cooper, A. D. Wright, J. M. Malins and W. T. Cooke	89
The Role of Various Cereals in Coeliac Disease. By B. S. Anand, Juan Piris and S. C. Truelove	101

No. 186, April 1978

Monitoring Digoxin Therapy. By J. K. Aronson, D. G. Grahame-Smith and F. M. Wigley	111
Lithium Intoxication. By Hans Erik Hansen and Amdi Amdisen	123
Detection, Significance and Treatment of Paraprotein in Patients Presenting with 'Idiopathic' Proteinuria without Myeloma. By N. P. Mallick, S. Dosa, E. J. Acheson, I. W. Delamore, H. McFarlane, C. J. Seneviratne and G. Williams	145
The Definition and Classification of Stroke. By R. Capildeo, S. Haberman and F. Clifford Rose	177
The Ageing Gut: A Study of Intestinal Absorption in Relation to Nutrition in the Elderly. By R. D. Montgomery, M. R. Haeney, I. N. Ross, H. G. Sammons, A. V. Barford, S. Balakrishnan, P. P. Mayer, L. S. Culank, J. Field and P. Gosling	197
Analytical Subcellular Fractionation of Neutrophils from Patients with Chronic Granulomatous Disease. By A. W. Segal and T. J. Peters	213
Dermatitis Herpetiformis—A Skin Manifestation of a Generalized Disturbance in Immunity. By M. G. Davies, R. Marks and G. Nuki	221

No. 187, July 1978

- Transient Polyarthrititis Associated with Familial Hyperbetalipoprotein-
aemia. By Patrick J. Rooney, Jane Third, M. Monir Madkour, David
Spencer and W. Carson Dick 249
- Automated Peritoneal Dialysis for Home Use. By Robert A. Gutman 261
- Juvenile Nephronophthisis, Congenital Hepatic Fibrosis and Retinal Hypo-
plasia in Twins. By Vera Delaney, Joan Mullaney and E. Bourke 281
- An Assessment of Laparotomy in the Management of Patients with
Hodgkin's Disease. By J. A. Whittaker, A. Slater, S. A. D. Al-Ismaïl, J.
Gough, K. T. Evans, I. H. Evans and D. L. Crosby 291
- The Recognition and Prevention of Border Zone Cerebral Ischaemia During
Cardiac Surgery. By R. W. Ross Russell and N. Bharucha 303
- Renin Subgroups in Essential Hypertension: an Analysis and Critique. By
H. Thurston, R. F. Bing, J. E. F. Pohl and J. D. Swales 325
- Pure Red Cell Aplasia. By M. E. J. Beard, S. B. Krantz, S. A. N. Johnson,
C. J. T. Bateman and J. M. A. Whitehouse 339
- The Urinary Excretion of Radiocopper in Presymptomatic and sympto-
matic Wilson's Disease, Heterozygotes and Controls: Its Significance in
Diagnosis and Management. By Kathleen Gibbs, R. Hanka and J. M.
Walshe 349
- A Three-Year Survey of Viral Hepatitis in West London. By J. S. Stewart,
L. J. Farrow, R. E. Clifford, S. G. S. Lamb, N. F. Coghill, R. L. Lindon,
I. M. Sanderson, P. A. Dodd, H. G. Smith, J. W. Preece and A. J.
Zuckerman 365
- Clinical and Laboratory Studies of Levamisole in Patients with Rheumatoid
Arthritis. By Ahmed F. El-Ghobarey, Mayron E. Mavrikakis, Marion
Macleod, Peter M. G. Reynolds, Hilary A. Capell, David G. Spencer,
Geza Balint, J. Pierre Mathieu, T. McAllister, Anne Cooney and W.
Carson Dick 385

No. 188, October 1978

- The Clinical Value of Digoxin in Patients with Heart Failure and Sinus
Rhythm. By D. McHaffie, H. Purcell, P. Mitchell-Heggs and A. Guz 401
- Clinical Course of Chronic Lobular Hepatitis. By S. P. Wilkinson, B.
Portmann, A. M. G. Cochrane, D. E. H. Tee and Roger Williams 421
- Peri-partum* Cardiac Failure. By N. McD. Davidson and E. H. O. Parry 431
- Myoglobinuria, Rhabdomyolysis and Marathon Running. By Harold B.
Schiff, Eamonn T. M. MacSearraigh and Jeffrey C. Kallmeyer 463
- Treatment of Prolactin-Secreting Pituitary Tumours in Young Women by
Needle Implantation of Radioactive Yttrium. By W. F. Kelly, K.
Mashiter, F. H. Doyle, Linda M. Banks and G. F. Joplin 473
- Primary IgA Glomerulonephritis and Schönlein-Henoch Purpura Nephritis:
Clinicopathological and Immunohistological Characteristics. By Yasushi

Contents

v

Nakamoto, Yoshihiro Asano, Kazuhiro Dohi, Masahiko Fujioka, Hiroyuki Iida, Hiroshi Kida, Yoshinori Kibe, Nobu Hattori and Jugoro Takeuchi	495
Lung Function in Acromegaly. By B. D. W. Harrison, Kim A. Millhouse, Mary Harrington and J. D. N. Nabarro	517
Studies of Hypoparathyroidism and Pseudohypoparathyroidism. By I. G. Lewin, S. E. Papapoulos, S. Tomlinson, G. N. Hendy and J. L. H. O'Riordan	533
Lipoid Proteinosis: A Clinical, Pathological and Genetic Study. By F. O. C. Meenan, S. D. Bowe, J. J. Dinn, Mary McCabe, O. McCullen, J. G. Masterson and R. P. Towers	549
The Association of Physicians of Great Britain and Ireland 1978 Seventy-Second Annual General Meeting	563

Index

- Acromegaly, lung function in, 517
Aplasia, pure red cell, 339
Arthritis, rheumatoid, clinical and laboratory studies of levamisole in patients with, 385
Cardiac failure, *peri-partum*, 437
Cerebrovascular disease, changing mortality of, 71
Coeliac disease, diabetes mellitus and: a clinical study, 89
Coeliac disease, role of various cereals in, 101
Dermatitis herpetiformis—a skin manifestation of a generalized disturbance in immunity, 221
Diabetes mellitus and coeliac disease: a clinical study, 89
Dialysis, automated peritoneal, for home use, 261
Digoxin therapy, monitoring, 111
Glomerulonephritis, primary IgA, and Schönlein-Henoch purpura nephritis: clinicopathological and immunohistological characteristics, 495
Granulomatous disease, chronic, analytical sub-cellular fractionation of neutrophils from patients with, 213
Gut, ageing: study of intestinal absorption in relation to nutrition in the elderly, 197
Heart failure and sinus rhythm, clinical value of digoxin in patients with, 401
Hepatitis, chronic lobular, clinical course of, 421
Hepatitis, viral, three-year survey of, in West London, 365
Hodgkin's disease, assessment of laparotomy in the management of patients with, 291
Hyperbetalipoproteinuria, familial, transient polyarthritis associated with, 249
Hypertension, essential, resin subgroups in: analysis and critique, 325
Hyperthyroidism, haematology of, 35
Hypoparathyroidism and pseudohypoparathyroidism, studies of, 533
Ischaemia, border zone cerebral, recognition and prevention of, during cardiac surgery, 303
Lipoid proteinosis: clinical, pathological and genetic study, 549
Lithium intoxication, 123
Myoglobinuria, rhabdomyolysis and marathon running, 463
Nephronophthisis, juvenile, congenital hepatic fibrosis and retinal hypoplasia in twins, 281
Nephropathy, analgesic: an important cause of chronic renal failure, 49
Paraprotein, detection, significance and treatment of, in patients presenting with 'idiopathic' proteinuria without myeloma, 145
Pituitary tumours, prolactin-secreting, treatment of, in young women, by needle implantation of radioactive yttrium, 473
Polyarthritis, transient, associated with familial hyperbetalipoproteinemia, 249
Proteinuria, 'idiopathic', detection, significance and treatment of paraprotein in patients presenting with, 145
Purpura nephritis, Schönlein-Henoch, primary IgA glomerulonephritis and: clinicopathological and immunohistological characteristics, 495
Renal disease, sodium losing: two cases and a review of the literature, 21
Renal failure, chronic, an important cause of: analgesic nephropathy, 49
Rhabdomyolysis, myoglobinuria, and marathon running, 463
Shock due to septicaemia, trauma and haemorrhage, plasma noradrenaline and adrenaline concentrations and dopamine- β -hydroxylase activity in patients with, 1
Stroke, definition and classification of, 177
Wilson's disease, presymptomatic and symptomatic, urinary excretion of radiocopper in, heterozygotes and controls: its significance in diagnosis and management, 349
